Monster Energy drink hide Satanic symbols right on the front of their cans!
The three claw marks that make up the green ‘M’ look strikingly similar to the Hebrew symbol for six, “Vav”. Repeated three times on the can and you’ve got 666!

the ‘o’ in Monster shows a cross, when you hold the can up to consume the energy drink, you’re inverting the cross; a classic image of Satanic belief. Monster’s tagline is “Unleash the Beast”.

Everyone who can see has seen that day. Anon, you need to get right with God. It's easier to remote view it with a connection to God... But you need to not share the fate of these reprobates that are about to be annihilated. They had thousands of years to repent. Their time is up and we're in their endgame. They already know they will be destroyed, but their goal is to take as many of you down with them as possible.

The most evil night this world has known is coming.
